## From the Director's Desk

Last but not the least, personally December 2018 was very special for me, since two national awards – AFST fellowship and VASVIK Award were bestowed upon me. My gratitude towards my alma mater ICT and my research students without whom I could not have achieved anything! Team MARJ is excited to welcome the new year with several activities planned for all.

*Dear Readers,*

At the outset wish you all a very HAPPY and PROSPEROUS NEW YEAR – 2019!!! We are glad to publish the second issue of the newsletter – 'MargJal' of Marathwada Sub Centre of ICT Mumbai (MARJ). We started the academic calendar from August 28, 2018 and last 4 months were academically hectic and in fact overloaded, although there was a short Diwali vacation of 1 week. At MARJ, the students, faculty and staff are feeling good to see that the first trimester is complete and the entire academic calendar including end trimester examination has been followed very meticulously. Thanks to all and to Prof P R Vavia (Dean, Academic Programme) and Prof V K Rathod (Controller of Examinations).

Two important points need a special mention – Shri Sharad Lahoti, Associate Dean, Industry has done a wonderful job of designing a diary to monitor and evaluate industrial training (IPT) of the 30 students who have joined various industries from Jan 2019. The ICT-IOCL, Bhubaneswar campus has also adopted the same diary. **A big thank you and appreciation of the tireless efforts put in by Shri Lahoti in last 2 months.**

The second point is related to conducting teaching as well as examination of the course Engineering Drawing. All 60 MARJ students rushed to Matsyodari College of Engineering, a neighbouring institute, every Saturday for getting hands on training on engineering drawing – a very important foundation course – no matter what engineering specialization they had enrolled for. It also included exposure to ACAD software for making correct drawing quickly. Prof Biradar (Principal) and Prof Shelke and their team went out of the way to help our students with this course. There was a pleasant surprise for us when Matsyodari College arranged a felicitation programme on December 22, 2018 and gave pat on the back of ICT students by awarding two toppers in the subject!!! It is just 4 months association, but the two institutes, ICT MARJ and Matsyodari Engineering College, have jelled so well as if they are family. We look forward to many more collaborative activities in the future.

Last but not the least, personally December 2018 was very special for me, since two national awards – AFST fellowship and VASVIK Award were bestowed upon me. My gratitude towards my alma mater ICT and my research students without whom I could not have achieved anything! Team MARJ is excited to welcome the new year with several activities planned for all.

**Professor S S Lele**

*Fellow of Biotech Research Soc India*

*Fellow of Maha academy of Sc*

## The Vice Chancellor's Message

## We Ought to Have Several Industries With Us

Detailed procedure for evaluation and grading will soon be ready

**Padmashri Professor G D Yadav**

*Vice Chancellor and R T Mody Distinguished Professor  
Tata Chemicals Darbari Seth Distinguished Professor of Leadership and Innovation  
J C Bose National Fellow (DST GoI)*

“  
Indian Society  
for Technical  
Education (ISTE)-  
Maharashtra-  
Goa section  
conferred the  
Best Engineering  
Institute award  
upon ICT on  
5<sup>th</sup> January in  
Mumbai.  
”

At the outset, let me wish all of you a very happy and prosperous new year. I am personally delighted that with the help of industries in Marathwada region, CMIA, UAA, well wishers and sincere efforts of Associate Dean Prof Sharad Lahoti, under the guidance of Professor Smita S Lele, and Dr Parag Nemade, 'Batch A' from the class of Integrated M Tech Programme at MARJ has been accepted for the 4-month internship of T2. Similarly, it has also happened at IOCB. Kudos to Associate Dean Prof S K Sarangi and Director Prof B N Thorat and Dr Anant Kapdi. The basic objective of this 15-trimester programme is on the right path. We ought to have several industries with us and a detailed procedure for evaluation and grading will soon be ready. When I visited the MARJ campus on 2<sup>nd</sup> December 2018, I had the pleasure of giving a lecture on 'Chemical Engineering Concepts Forever' dealing with the importance of rate processes in physical, chemical and biological systems and industries. Chemical Engineering is highly a science based discipline with strong foundations in Chemistry, Physics, Mathematics, and Biology. Chemical Engineering deals with all rate processes from atom to atmosphere. The improvement in mass, energy, volume and time efficiency was brought out. Indian Society for Technical Education (ISTE)- Maharashtra-Goa Section conferred the Best Engineering Institute award upon ICT on 5<sup>th</sup> January in Mumbai. I had the pleasure of signing an MOU with Gexcon, in the presence of Hon'ble Mrs Erna Solberg, Prime Minister of Norway for the establishment of Centre of Excellence in Process Safety Science and Engineering on 7<sup>th</sup> January 2019 in New Delhi. We also had the pleasure of hosting four distinguished scientists in ICT on 11<sup>th</sup> January, 2019: Nobel Laureate Sir Dr Richard Roberts (Chief Scientific Officer, Biolabs, New England, USA), Professor

◀ Nobel Laureate Sir Richard J Roberts was felicitated with Dhirubhai Ambani Lifetime Achievement Award in a ceremony held at the Institute of Chemical Technology. L to R: Dr Vijay Habbu of Reliance, Prof G D Yadav and Sir Richard Roberts

◀ Inauguration of construction of the superstructure of the new building in Matunga L to R: Dr Mukund Chorghade, Prof G D Yadav, Prof Geraldine Richmond, Prof Colin Suckling, and Nobel Laureate Sir Richard Roberts

Geraldine Richmond (Presidential Chair in Science, Professor of Chemistry, University of Oregon, USA), Professor Colin Suckling (Freeland Professor of Chemistry, Strathclyde University, Glasgow, UK) and Dr Mukund Chorghade (President and CSO, THINQ Pharma). Sir Richard Roberts was honoured with Reliance Industries UAA-ICT Dhirubhai Ambani Life Time Achievement Award 2019. He gave a fascinating oration on 'My Life in Science'. These lectures were

▶ With the Prime Minister of Norway Mrs. Erna Solberg, this morning during the signing of MOU with Gexcon for the establishment of 'Centre of Excellence in Process Safety Science and Engineering, New Delhi' 7 January 2019

▶ Exchange of MOU with Mr Sturle Pedersen, Global CEO and President, Gexcon

▶ Ms Ann Ollestad Consul General, The Royal Norwegian Consulate General, Mumbai, and Mr Stuerle Pedersen, Global CEO and President, Gexcon after the MOU signing ceremony

streamed simultaneously to all three campuses and through internet. Incidentally, the Research and Academic building superstructure construction was also inaugurated at the hands of Sir Richard in presence of other dignitaries. As regards, the start of two-year Executive M Tech at the ICT – IOC – Bhubaneswar campus, we will start it from March 2019 in collaboration with IIT Kharagpur. The course will be run on similar lines of executive MBA programme, for upgradation of technical skills of the executives. The course will have vibrant syllabus consisting of courses like Artificial Intelligence and Machine Learning for Chemical Industry, Chemical Safety and Risk Management, Sustainability, Engineering and Law, Finance and Profit Management, Green Chemistry and Engineering, IPR, Research, and Innovation Methodology etc. It will give excellent training to executives, who could rise to the top to become top decision makers. 🎓

## Acknowledgement

- We thankfully acknowledge donation of books from Shri Raithatha, a well wisher, first generation entrepreneur from Jalna. These books (over 100) make a wonderful reading in management and general aspects of life.
- We are extremely thankful to Shri Rohan Rajeshirke, an ICT alumnus working in Mondelez (earlier Cadbury) to take a lead and donate over 700 books form the company library. These books cover subjects like analytical chemistry, microbiology and food science.
- We also thankfully acknowledge the following industries for accepting our students for the industrial training.

S.N.	NAME OF INDUSTRIAL UNIT IPT -1 (January to April- 2019)	ADDRESS
1	Vinodrai Engineering Pvt Ltd	Dawalwadi, Aurangabad Road, Jalna
2	Rajuri Steels Group	Phase II, Addl MIDC, Jalna
3	Metarolls Steels Group	Phase II, Addl MIDC, Jalna
4	Approcopp Engineering Pvt Ltd	Phase II, Addl MIDC, Jalna
5	Polaad Steels Group	Phase II, Addl MIDC, Jalna
6	Apollo Plastic Industries	Phase I, Addl MIDC, Jalna
7	Smoothline Cable Industries	Phase II, Addl MIDC, Jalna
8	Gauri Agro Tech Industries Pvt Ltd	Gundewadi, Bhokardan Road, Jalna
9	Bhakti Solvent Extractions Pvt Ltd	Phase II, Addl MIDC, Jalna
10	Dukes SRJ Foods	Mantha Road, Jalna
11	Tanmay Plastic Films	Devmurti, Sindkhed Road, Jalna
12	Roopam Steels Group	Phase II, Addl MIDC, Jalna
13	SSD Refineries Pvt Ltd	Daregaon, Jalna
14	Mahalaxmi Cotspin Ltd	Samangaon, Ambad Road, Jalna

Special Events

# VASVIK Award Ceremony

▲ *Prof. Pandit compère Dignitaries present on the dias: Prof M M Sharma, Dr Anil Kakodkar (Chief Guest), Shri Mohanbhai Patel (Founder trustee, VASVIK), Shri Madbukar Parekh (CMD, Pidilite Industries)*

*VASVIK Award is a citation plus tax free cash award of Rs 1.51 lakhs*

In the last 40 years, about 425 Scientists / Engineers across the country have received VASVIK Award and following awardees are from UDCT/ ICT:

1.	Prof Jyeshtharaj Bhalchandra Joshi Professor of Chemical Engineering, Dept. of Chemical Technology, University of Bombay, Matunga, Bombay	1992
2.	Dr G D Yadav University Dept of Chemical Technology, Mumbai	1995
3.	Dr A B Pandit UDCT, Mumbai	1996
4.	Prof Padma V Devarajan Head, Dept of Pharmaceutical Sciences & Technology, Institute of Chemical Technology, Mumbai	2008
5.	Dr Pushpito Kumar Ghosh* Director, CSMCRI, Bhavnagar	2010

6.	Prof Arvind M Lali Prof of Chemical Engineering & Head, DBT-ICT Centre for Energy Biosciences, ICT, Mumbai	2010
7.	Dr M. Lakshmi Kantam* Director CSIR - Indian Institute of Chemical Technology, Hyderabad	2011
8.	Prof B N Thorat Dept of Chemical Engineering, ICT, Mumbai	2012
9.	Dr Vandana B Patravale Prof of Pharmaceutics, ICT, Mumbai	2013
10.	Prof P R Vavia Professor of Pharmaceutics, Dept of Pharmaceutical Sciences and Technology, Institute of Chemical Technology, Mumbai	2014
11.	Prof Smita Lele Registrar and Professor of Biochemical Engineering, Institute of Chemical Technology, Mumbai	2017

(\* Now working as Distinguished Professors in ICT)

### Award and Honours

- Dr Sandip Shinde has been selected for 'Humboldt Research Fellowship for Experienced Researcher'. He will have to spend 6-18 months in Germany for conducting research in chosen institute.
  - The Alexander Von Humboldt Foundation promotes academic cooperation between excellent scientists and scholars from abroad and from Germany. To this end, it grants more than 2000 research fellowships and research awards annually.
  - Prof Dr Sandeep Shinde has been awarded prestigious Alexander Von Humboldt fellowship for experienced researcher for his independent contribution in natural science for the year 2019-21. This fellowship is awarded to independent research groups all over the world for excellent contribution in for development for better human life. This award selection only chances to 10% researchers all over the world. This award is given to one who completed his doctorate less than twelve years ago.
- Prof S S Lele received two coveted national awards namely AFST- Fellow Award-2017 and VASVIK Award 2017. Both the award ceremonies took place in December 2018.
  - Association of Food Scientists and Technologists (I), a 50 year old professional body with headquarters at CFTRI Mysore, selects one or two acclaimed personalities from food fraternity.
  - Vividhlakshi Audyogik Samshodhan Vikas Kendra Industrial Research Awards (VASVIK) have been given across the country for the last 40 years. The NGO recognizes scientists from different fields whose research has made a difference to the industry and to the society. Also, there is a separate award - Smt Chandaben Madhukar Patel Industrial Research Award for Women Scientist.

## AFST Fellowship

- ▲ *AFST Fellowship Award 2017 was bestowed upon Prof Smita Lele at CFTRI Mysuru during IFCON 2018 Mega Event of AFST (I). Chief guest Shri Pavankumar Agarwal (CEO, FSSAI), Dr Raghav Rao (Director, CFTRI) (who is also a distinguished alumnus of ICT)*

## Felicitation at Matsyodari

- On December 22<sup>nd</sup>, Matsyodari College of Engineering arranged a special programme to felicitated Prof Lele on getting 2 coveted national awards - VASVIK and AFST Fellowship.
- Principal Prof Biradar also announced results of Engineering drawing that was taught in their premises by their teachers. The college awarded prizes to toppers - 2 students scored 48 out of 50 in the end exam.

- ▲ *Award to Farhan Shaikh, Topper In Engineering Graphics (48/50)*

- ▲ *Award to Shreyas Deshmukh, Topper In Engineering Graphics (48/50)*

## ICEMELTS-18

- ▲ *Dr Manoj Kumar Jadhav received the second prize in oral paper presentation, entitled 'Solvent modulated ESIPT process of bioactive benzothiazole conjugate Schiff base' at International Conference on Emerging Trends in Management, Engineering, Law, Technology, and Science (ICEMELTS-18) held at Sandip University, Nashik during 3-5<sup>th</sup> Dec 2018.*

“Feeling good to see M Tech Integrated Programme shaping well at Jalna!”

- Prof P R Vavia (Dean, Academic programme)

“Excited to shoulder the new responsibility as the Controller of Examinations of ICT offering so many unique and special programmes- to name one- the recent 5 year Integrated M Tech in Chemical Engineering with major minor degrees at MARJ and Bhubaneswar! - Prof V K Rathod (Controller of Examinations)”

## Maths Club Ganitshastram

(Ganit-Maths and Shastram-scriptures)

The Maths Club developed at ICT MARJ looks forward to develop interest in Mathematics and make it easy for learning and understanding for the people.

It sees forward to use Maths as a weapon to develop better technologies useful for mankind.

Its mission is to develop new techniques and methodology to obtain better lifestyle.

The activities that were held under the Maths Club (ICT MARJ) were,

**Seminar :** The seminar was conducted By Rohit Chaudhari and Urvi Parlikar. During the seminar held at Matsyodari Engineering College, the students at MSS were taught about matrices and well acquainted with easy tricks and techniques to solve the related problems.

**Quiz :** The quiz competition was held by Ameya Mantri and Hiteshree Sarode. The quiz competition was distributed in four rounds :

- Rapid fire round
- Buzzer Round
- Question Answer round
- Quick Solving Round

The motive of our Maths Club is to develop interest for Mathematics among students and use it to help mankind.

- Dr Sandeep P Bhairat, Asst. Professor of Engineering Maths, ICT Mumbai-Marathwada Campus

Academic Update

▲ Prof G D Yadav delivering lecture on 2<sup>nd</sup> Dec 2018

▲ Shri Laboti (Associate Dean, Industries) talking on IPT distribution

▲ Computer examination in the computer lab

- Prof Lele delivered a talk on 'Entrepreneurship in the food industry' in Babasaheb Ambedkar Vidyapeeth on Nov 15<sup>th</sup>, 2018, under 'Inspire Programme For 12<sup>th</sup> Standard Students'.
- She chaired the session on Environmental Microbiology-1 at BRSI conference BioSD 2018 at IICT, Hyderabad, India. (November 24-26).
- She also delivered a lecture and chaired sessions at an international conference IUFoST 2018.

- Prof Lele co-chaired a session at IFCON 2018, international conference of AFST, Mysore (12-14 December).
- Dr V R Gaval from ICT, Mumbai visited Jalna campus and interacted with Dr Gunavant Shelke in Matsyodari Engineering College. (Visiting Faculty, Engineering Drawing)
- Shri Manoj Maher has started teaching English from 24<sup>th</sup> October 2018.

Academic Update

# Visiting Faculty

▼ VF lecture by Shri Vivek Phadke Oct 30, 2018

▲ Shri Vivek Phadke from Pune visited Jalna campus for taking lectures on communication skills and personality development from 30<sup>th</sup> October to 1<sup>st</sup> November 2018.

Academic Update

## Video Lecture from Spain

- Prof Teresa Cuberes from University of Castilla Mancha Almaden, Spain delivering a lecture for an hour on Atomic Force Microscopy through skype, on 27<sup>th</sup> November 2018 at 12.00 noon.

## About the Campus

# Infrastructure

## A New Bus, Internet Leased Line and Much More...

- ICT MARJ campus purchased their first asset – TATA AC - Star Bus (32 seats). So far, rented conveyance facility was provided to the hostel students residing a few kilometers away from the academic campus at Beej Sheetal. Local students and some teachers also use the bus facility and currently it is provided free of cost.
- After a long wait, internet leased line facility is fully functional at the campus. Library, as well as reading hall timings were extended for an hour on students' demand.
- A shed was made as dining hall cum canteen. The ladies common room is ready. Outdoor sports facilities, as well as some indoor sports and gym facilities are in the process of commissioning.
- M/s Beej Sheetal has started construction of the new building and hopefully additional 20,000 sq ft area will be made available on rent to MARJ in a few months time, before the next batch of M Tech is enrolled in August 2019.

*Library at the campus ▼*

Local Advisory Committee met on December 2<sup>nd</sup> 2018. Prof G D Yadav, Vice Chancellor presided the third LAC meeting. The members were happy with the academic and other progress of MARJ campus.

## News and Events

## A visit to ICT Jalna *A Parent's View*

A vision to disseminate knowledge with an out of the box curriculum. Build ambassadors who will be flamingoes of change to mankind. The ICT Jalna, Marathwada Campus is the ambitious vision of Vice Chancellor, Professor G D Yadav.

If the barometer of any institute is the level of gung-ho mood in the participants, then the Institute of Chemical Technology, Jalna, Marathwada campus notches up a very high score!

Whether it was the vivacious, determined director Ms Smita Lele, the tutors, the students, staff, the mood was infectiously positive and optimistic. The single most important reason for this was the buzz on everyone's lips- the start of a new course 'Integrated M Tech in Chemical Technology', the very first of its kind in the country!

It was not one of these anxiety visits of mine to the college. I was there with joy and pride that the premier institute had spread its wings and I am a stakeholder.

I was greeted by professor Joshi, assistant professor in engineering physics and materials, with a warm smile and a couple of minutes with him around the campus gave insight to the quality of training, frank and serious talks with students to bring out their best.

Remember, how excited/anxious we were when the counseling sessions were going on? I think we should all take pride in the fact that it has been a landmark year for ICT and let's all work together for a landmark record for our wards here. We need an infectious ambition and goal to achieve this.

The five year Integrated M Tech programme, fully funded by the government, is definitely equipped and empowered to make a real change and with Ms Smita Lele who is drinking from a fire hose is sure to raise the bar.

The work was going on in the full swing. The environment there was like a countdown for an institute being built to impress the society. Now it is up to you and me and our bright minds. We have the chance to forge a path of ever-increasing influence and relevance to choose the direction and tempo of the institute's new beginning.

I ask all the stakeholders to increase their involvement in the growth of this centre of excellence for education, research, and innovation by doing and inspiring.

Together we can make it a beautiful landmark!

Deepa Suresh Iyer

Mumbai

13<sup>th</sup> November 2018

### Co-curricular Activities

## Dussehra Celebration

ICT Marathwada campus at Jalna (MARJ) started a good tradition of celebrating Dussehra by having a *pooja* on *Vijaya Dashmi* (in spite of being a holiday). On the morning of 18<sup>th</sup> October, the campus was looking bright and colourful with beautiful floral decorations. The students stayed back long hours after classes the previous evening to make artistic *Rangoli* using flowers and petals. The atmosphere was charged with enthusiasm because everyone was excited to see the very first issue of the newsletter- 'MargJal: Volume 1, Issue 1' - highlighting news as well as the genesis of the campus.

Dr S K Biradar, the Principal of Matsyodari Engineering College, was invited as the chief guest on this occasion and the first issue of MargJal- printed version- was inaugurated!! Being the document with historical potential, 300 hard copies are printed. Every student collected his copy with pride! Copies are also sent to the office of Honourable Chief Minister Shri Devendra Fadnavisji, to the office of Shri Raosaheb Danveji, as well as to all the District Collectors in Marathwada region. Chancellor Dr R A Mashelkar, ICT Deans and senior professors, board members, well-wishers, LAC members have sent compliments to MARJ and appreciated MargJal.
